Personal Statement

I am a 22 years old actress / model and I also have 16 years dance experience.

I am from York, East Yorkshire.

I love nothing better than being in front of a camera.

I was the highest achieving student in my year in most of my subjects and have always been advanced in school work since a very young age. Reading and writing is something I thoroughly enjoy. I also take pride in my appearance and can say at the age of 22 years I know who I am as a person and I know what I want out of life.
